VOLUME XXXVII

PARIS, BOURBON COUNTY, KENTUCKY, FRIDAY, MARCH 22, 1918

IN THE SERVICE OF THEIR COUNTRY.

Private Ben H. Hough, of Camp Zachary Taylor, was here Tuesday, to attend the funeral and burial of his little niece, Lucy Allen Hough.

Mr. Rutherford Redmon, of Paris, is visiting his brother, Sergt. John Talbott Redmon, who is stationed in the Hospital Corps, at Ft. Moultrie, South Carolina.

Mr. Frank Higgins, of Paris, who is a member of the Bourbon county contingent at Camp Zachary Taylor, is confined to the army hospital in that camp, suffering from an affection of the ear. Mr. Higgins was one of the first men drafted from Bourbon county.

Mr. Edward Fitzpatrick, lately of THE NEWS force, and now a "jack tar" on the U. S. S. "Mississippi," writes in part to a member of THE NEWS staff:

"I have been rather busy lately, and have not had much time for loafing. * * * You see, I have been a dry land sailor for the past four months, and when I was not working or asleep, I was ashore, and did not have much time to write to anyone. * * * The ship made its maiden trip to sea last week, and we are at naval base now. I cannot go ashore, so I must write or do something else, so therefore, I am writing. * * * The sea was quite calm last week, but listen to me, the wind nearly blew my clothes off. I stand watch in the foremast when we are at sea, and even the wind causing the wireless to moan would send icy chills up and down my back. Oh, it's a great life, if you don't weaken. * * * Well, I hear we will have another long stay in some navy yard. We fired our big guns to test them, and certain things on the ship need attention. I was aboard the Oklahoma the other night. Saw Pennington. He is well, but looks as if Philadelphia isn't any health resort for a sailor. * * * I saw "Buddy" James not long ago. He seemed very much pleased with the transport he is on. They make two trips across the water each month. * * * We only have fifteen Victrolas and six pianos on this ship, so you can guess how much noise there is around me as I am trying to write. "Give my regards to all and tell them I hope to see them some time this summer if I am close to shore."

TABACCO MARKETS.

Only one warehouse had a sale on the Paris market Wednesday, the Bourbon Tobacco Warehouse selling 10,910 pounds of tobacco for an average of \$29.56. This was the last sale for the week. There will be no more sales until Wednesday, March 27, when the last and final sale will be held.

When the season closed for the past year, in March, 1917, the three Paris tobacco warehouses had disposed of a total of 8,184,470 pounds of tobacco, which brought an average of \$18.39 per hundred pounds.

The close of the present season will probably bring the average up considerably higher than last year, on account of a better season, a larger acreage and a general disposition all around to make the Paris market one of the best in the State. And so it has proved to be. Predictions are made that the market will top a little over ten million pounds, nearly a million and a half in excess of the total marketed last year.

CHESS AND CHECKER CLUB.

At the second tournament of the Bourbon Chess and Checker Club, held Monday night at the Y. M. C. A., Mr. W. A. Thompson, of North Middletown, and Mr. L. D. Harris, of Paris, met defeat at the hands of Mr. Wm. Bowling, Judge E. T. Hinton lost to Mr. L. D. Harris, and Mr. M. L. Clarke defeated Mr. A. L. Boatright. J. M. Sturgeon defeated Mr. W. A. Thompson. Mr. Sturgeon won this series in the tournament by the narrow margin of one game. The game between Mr. Z. L. Wilcox and Mr. M. L. Clarke resulted in a draw. In the chess series Mr. Sherman Stivers was victor over Judge C. A. McMillan. The next encounter between the members will take place on Monday night, March 25, at the same place.

TO THE BOYS OF BOURBON.

The President of the United States, the United States army, the Kings of Italy and England, the armies of the Allies, the starving children of Belgium and Serbia and other stricken countries, including the Holy Land, want 5,000 Kentucky boys to help produce food.

Bourbon county boys can help to lick the Kaiser and his hordes of baby-murderers by helping to produce food. Join the Boys' Reserve Workers! It is a glorious opportunity. Fall in!

BOOK CAMPAIGN IN COUNTY.

Miss Carolyn Roseberry is assisting Miss Imogene Redmon in furthering the work of gathering books for the soldiers and sailors. Miss Roseberry has charge of the work in the county, her efforts being met with a generous response by the people in the county. There is room at the library for more books. So send them in.

BOURBON CIRCUIT COURT.

At Tuesday's session of the Court the following prisoners, who had previously entered pleas of guilty were formally placed on trial, and sentenced by the jury:

Walter Johnson and Wm. Rogers, white, grand larceny, one year each in the Frankfort Reformatory; Chas. Boyd, colored, shooting without wounding with intent to kill, one year; George Hutsell, colored, housebreaking, two years; Carl Blackburn, colored, housebreaking, two years; Elmer Reed, jointly indicted with Leslie Douglas, another colored man, for stealing lap robes from Chariton Alexander, three years; Bud Ross, colored, housebreaking, five years; John McKee Johnson, colored, housebreaking, two years.

When the case of Milton Green, colored, was called for trial, it was learned that the chief prosecuting witness had enlisted in the army. Green was placed under \$300 bond to appear at the June term of the Court, and was permitted to go. Leslie Douglas, colored, who pleaded not guilty, was given a sentence of two years in the Reformatory, after a trial of the case.

The time of the Court was occupied Wednesday in hearing the case of Henry Hawkins, colored, charged with the murder of Sarah Leer, a colored woman, in Claysville, a colored suburb of Paris, in October, 1917. Hawkins having announced that he was unable to employ counsel, Special Judge Newell appointed Attorneys Wade H. Whitley and Wm. Grannon to conduct his defense. The Leer woman was found in an unconscious condition in a house in Claysville in October. She was removed to a Lexington hospital, where she died later from her injuries, which, in a statement, she claimed were inflicted by Hawkins. The charge against Hawkins was accordingly changed to murder. He denied the charge, and claimed that the woman's alleged dying statement was impossible on account of her mental condition.

The case of Roy Jones, charged with carrying concealed deadly weapons, and of Will Cross, charged with gambling, were, on motion of the prosecution, dismissed.

After the testimony of several witnesses including physicians of Paris, and others, arguments were made in the Hawkins case Wednesday afternoon by attorneys for the defense and the prosecution, and the case was given to the jury. The jury, after mature deliberation, came in yesterday morning and reported that they had disagreed, standing six for life sentence and six for acquittal. Judge Newell discharged the jury and the case will now go to a re-trial. The jury was composed of the following: John Towles, Thomas Mitchell, W. H. Clark, C. B. May, Jas. Connell, Geo. A. Keller, W. J. Calvert, Guy Smith, John Chisholm, J. L. Horton, Geo. Wilson and P. L. Dimmitt.

But little business of importance was transacted in Court yesterday beyond disposing of the Hawkins case. A number of equity motions were heard by Judge Newell. The cases of Elmer Reed and Leslie Douglas, charged with grand larceny, will come up for trial to-day.

POSTAL EMPLOYEES TO GET FIFTEEN PER CENT. RAISE.

Flat pay increases of 15 per cent. for all employees in the postal service, whether on an annual salary or day pay basis, and including those of all grades and classes, were recommended by the Senate postoffice subcommittee in revising the annual postoffice appropriation bill. The recommendations are subject to approval by the full committee, but are expected to be adopted.

No official news had been received here as to how the raise would affect the employees of the Paris office, according to Assistant Postmaster Wm. Cooper.

FERNINST SPEEDING!

The police of Paris, with the aid and comfort of Police Judge Ernest Martin, Mayor E. B. January, and the City Council, and the earnest good wishes of the people of Paris, intend to break up the speeding of automobiles and motorcycles in the city limits of Paris.

Fithian Arkle, a young chauffeur, is now thoroughly convinced of this. In Police Court very recently he was tried on a charge of exceeding the speed limit and was assessed \$22.50.

The police are keeping tab on a number of others, who they will hale into court at the very first opportunity. More power to the guardians of the law! Keep the good work going!

THRIFT STAMP CAMPAIGN

The number of limit men who have purchased the limit in Thrift Stamps in Bourbon county now numbers fifty, and prospects are exceedingly good, according to the field workers, for a still further increase in the number. Up to yesterday the sales made had aggregated \$75,000.

The field forces are busily engaged in canvassing their respective territories and hope to come in with a pleasing report each night, when the roll is called.

REAL ESTATE DEALS AND LAND SALES.

Mr. Allie Rowland has sold his farm of thirty-five acres, located on the Ruddles Mills pike, near Paris, for a price said to have been close around \$10,500. The purchaser, whose name was not given, will get possession about March 1, 1919.

The handsome bungalow of the Misses Lenihan, located on West Eighth street, was sold at public sale Tuesday, by Auctioneer George D. Speakes, Mr. Harry Collins, of H. M. Collins & Co., being the purchaser. Mr. Collins paid \$3,975 for the home, his contending bidder being Mr. A. B. Lovell, the Eighth street grocer. The Misses Lenihan will move to Lexington, at which time the purchaser will get possession of the property.

Mr. Henry A. Power, president of the Power Grocery Co., of Paris, has disposed of his suburban home, at the intersection of the Lexington & Paris and the Paris and Clintonville pikes, just outside the city limits of Paris, to Mr. Wm. H. Whaley. The place contains about twenty acres of ground, with a handsome brick mansion, and all outbuildings. Mr. Whaley, it is said, paid about \$20,000 for the place. He will get possession about June, and will move to the property to make it his home. Mr. and Mrs. Power will probably move to Paris to reside, and may erect a home if they find a suitable lot.

—Mr. A. B. Campbell, formerly of Bourbon county, has sold his residence and fifty-acre farm on the Lexington pike, in Clark county, known as the old Willis place, to John B. Eversole, of Hazard, Ky., for \$19,000. Mr. Eversole will get possession on April 1.

MASS MEETING AT THE COURT HOUSE TO-MORROW.

The farmers and others interested in agricultural work in Bourbon county will hold a mass meeting in the court house in this city at 1:30 o'clock to-morrow (Saturday) afternoon.

The meeting will be held for the purpose of discussing the seed corn situation. Speakers will be present from the Agricultural Experiment Station of the Kentucky University at Lexington, who will explain the urgent need for obtaining seed corn for the coming crop. The farmers are urged to make a special effort to attend this meeting, which will be one of the greatest importance to them.

A number of counties in Western Kentucky have seed corn for sale at reasonable prices. The counties of the Bluegrass are fast drawing on their supplies, and something must be done to relieve the situation. Seed corn must be procured and, as the situation is a very serious one, this meeting will be one that no farmer should miss.

60,000 DRAFT MEN CALLED FOR SPECIAL SERVICE.

Provost Marshal General Crowder will begin within a few days calling out for special instruction the men in the draft, needed by the army in technical positions. A general survey of the educational institutions of the country is in progress, it was announced to determine what colleges and industrial schools will be available for their training during the summer months.

Probably 60,000 men obtained principally from class one will be ordered out for special training. Local draft boards will publish widely the opportunity that is offered to registrants with a view to obtaining as many voluntary inductions into the service as possible.

60,000 DRAFT MEN CALLED FOR RECEIVES DONATION.

The Health and Welfare League received a nice donation of apples from Armacost, Riley & Co., of Cincinnati, to be used at their Penny Lunch counter at the City School. The children enjoyed their treat very much, and the League wishes to thank the Armacost, Riley & Co. for their kind favor.

PRESIDENT SIGNS THE DAYLIGHT SAVING BILL.

President Wilson, Tuesday, signed the daylight saving bill, which puts all clocks forward one hour the last Sunday in March and turns them back again the last Sunday in October. People will rise, transact daily business and retire one hour earlier, but with the clock an hour fast, won't know the difference, yet gain one hour of daylight in the afternoon.

APPOINTED DEPUTY.

Mr. John T. Collins, of Paris, Federal Food Administrator for Bourbon County, has appointed Dr. C. C. Fisher, president of the Millersburg College, as Deputy Federal Food Administrator. Dr. Fisher has assumed the duties of the office, and will make a valuable worker.

MAYOR JANUARY ENDEAVORS TO GET STREET OIL.

With the dust getting thick on the streets of Paris, housekeepers have been anxiously waiting for some intimation from the high-up sources as to whether or not the city will be able to secure a supply of the much-needed oil for sprinkling the streets this spring and summer.

Mayor January has been in correspondence with Fuel Administrator Dr. Garfield, at Washington, State Fuel Administrator Wiley Bryan, at Louisville and representatives of the Standard Oil Co., at Cleveland, and New York. The following reply was received from the Oil Division of the Fuel Administration, which is in tenor very much the same as those received from Mr. Bryan and the Standard Oil people:

"Washington, D. C. March 19.
"Mr. E. B. January, Mayor City of Paris:—

"Dear Sir:—Yours of March 11, addressed to Dr. Garfield, is at hand. It is difficult at this time to give you a definite answer as to whether or not road oil will be available in the United States this year.

"Our endeavor at this time is to create an ample supply of fuel oil for use of important industries, and also to provide sufficient transportation for same, and until this is accomplished, we cannot say that road oil will be available for the purpose mentioned.

"Yours Very Truly,
"M. L. REQUA,
"Director Oil Division."

STUDENTS TO SPEND SUMMER IN CAMP TAYLOR.

Twenty-two junior students of State University will spend the summer in taking military training at Camp Zachary Taylor. They will leave Lexington at the end of the college year and will be under the same military discipline at the camp as the enlisted men.

Among the twenty-two students who have been selected and who have signified their intention of spending the summer at Camp Taylor are J. Stuart Wallingford and C. Landen Templin, both of Paris.

NEW INITIATES.

Six petitions for membership were received at the recent meeting of Bourbon Lodge, I. O. O. F., and five candidates received the initiatory and the three degrees. They were Edward W. Fithian, Lewis Meglone, Horace Nelson, Herbert Johnson and Albert Johnson. The attendance at the lodge meetings has been unusually good recently, everyone seeming to manifest the greatest interest in the work. Work will be given in one of the degrees at each meeting. At the next meeting a matter of the greatest importance will be voted on.

AND HE IS A DEACON IN OUR CHURCH.

Mr. Joseph W. Davis, of Paris, who is sojourning in Florida, always has some good fish stories to tell, making some of the local anglers envious. Mr. Davis' last exploits are told in the following extracts from the St. Petersburg, Florida, Times, of Sunday, under the heading of "Tales Told By Anglers Who Can Fish Some:—

"Mr. and Mrs. J. W. Davis, of Paris, Ky., enjoyed a day's fishing yesterday as the guests of R. L. Washington, of New York, on his boat Magie. A fine string of mackerel was brought in besides a number of kingfish. The largest of the kings, a 17½ pounder, was caught by Mr. Davis. All three are guests of the Pass-a-Grille Hotel and went from the island.

"Keeping up his record of last year when he easily carried off the fishing honors among all guests at the Pass-a-Grille Hotel, J. W. Davis, of Paris, Ky., yesterday brought in a 27-pound kingfish and 16 of the beauties a little smaller in size. Mr. Davis is in a class by himself when it comes to fishing and no other guest at the hotel has a chance when he is on the job. Mr. Davis also brought in yesterday a rare fish, never before landed in the waters around Pass-a-Grille. By name it is the wahoo and is very similar to the whiffumpoof. In fact, it belongs to the same family as the latter, though a much gamier member of the finny tribe. Mr. Davis is very sorry he was unable to get a good photograph of the wahoo as he wished to send it to the Paris, Ky., newspapers for reproduction there."

SOLDIERS AND SAILORS WANT YOUR BOOKS.

A campaign for books for the soldiers and sailors in the United States service is being made this week. Today, to-morrow and Sunday are the last days. We urge the people of Paris and the county to co-operate. Wrap your books in a package and send them to Miss Imogene Redmon, at the Paris Public Library.

BOYS' WORKING RESERVE TO BE FORMED HERE.

Boys between the ages of 16 and 21, who believe that every individual in the country, including himself, is obliged to do his bit toward drubbing the Kaiser, can place themselves where the Government most needs their service by joining at once the United States Boys' Working Reserve. The County Committee of the Boys' Working Reserve for this locality, is prepared to give boys and parents information concerning any feature of the plan that is clouded in their minds. The big feature that needs no further explanation than a bald statement is that the country needs the boy, and needs him badly, during the coming summer.

The enrollment card of the Reserve, is nearly self-explanatory of the manner in which the Reserve operates. It was stated, at the outset, that though this army of farm labor constitutes a second line of defense for the country, and an indispensable one, there is no military feature nor any compulsion in the process.

The enrollment card calls for the expression of willingness on the part of the boy to help the country in the present emergency. It calls also for the consent of his parent to his entering the Reserve. It solicits information as to the kind of work that he believes he can do to the best advantage, as to the period of time for which he will agree to work and information concerning his experience, if any, in farm work.

It is explained that the boy is not obligated by his enrollment, to go to this locality or to that, when he is asked to go, if the locality assigned is not satisfactory to him. The effort will be made, in placing boys, to send each boy to the locality where he desires to serve. Should the first assignment prove unsatisfactory the boy is at liberty to so indicate, and to state his preference as to locality.

As to the degree of compulsion involved in signing the card it is made plain that the boy who has signed the enrollment card, may at a later date decline work and be released from his pledge, on the written request of his parent or guardian, but only on such written request.

EDITORIAL MUSINGS.

Now, Forward, March!

They do say that when it comes in like a lion it goes out like a lamb (meaning the month of March, of course). And while it would hardly be wise to take off your winter underwear just yet, or to figure on making a swift change from the gas-man and the coal man to the ice man, still, there are certain pre-tokens that the backbone of winter is definitely broken. The sun is getting high!

For, look you, spring officially began on the twenty-first of March, yesterday, by the calendar. And while two royal Cardinals taking the sun on a snow-encrusted limb do not by any means make a spring (any more than two swallows make a summer) yet it is permitted us to point out that the snow you see on the screen at the movies or on the front covers of the magazines is not the December or the January kind. It is what is known in some localities as a "sugar snow," a snow half-accident and apologetic. It is a snow that can't set back the sap rising in the trees, or the swelling buds on the bushes. It is a kind of April shower snow—it comes out between sunbursts, and out of skies that would like to be softly blue and which clouds may only softly overcast.

And folks about this time of the year begin to have a sort of inner hunch that winter is going. Spring clothes, hats and fishing rods are beginning to make their appearance. The banks of Stoner creek see the presence again of the fishermen who have been "laying up" during the winter. The Paris dopesters are getting ready to win fortunes on the Derby at Louisville. The railbirds are hunting the sunny spots on street corners—and, well, spring is on the way to Paris, that's all. There's a sort of feeling, that same urge of intuitive sense that causes the field and woodland creatures to break away from their months-old hibernation; and that sends, finally, the birds from their southern wintering places back into old Kentucky. It is often that not a blusterish, noisy, slappish sort of month, is March. But it is one of the pivot months—it breaks the grip of winter and throws up a highway for the coming of spring.

So here's to the advent of spring in Paris. Do we hear a second to the motion? The "ayes" have it—it is ordered. And from now on we may look for all the other signs—peck-a-boo shirtwaists, open-work hostelry—but why try to give the whole list?

American Courage and Spirit.

England is still ringing with the tributes of Englishmen to the bravery of the American boys on the Tuscumia in the hour of disaster. It is not surprising, but it is gratifying to all at home to have it so generously recognized.

Courage in every relation of life, and courage particularly in the face of danger, is the American spirit. The pages of American history are brilliant with golden recitals of the exploits of American manhood in the Nation's Army and Navy. They are confined to no period. They are found all the way through the life of the Republic from the Revolution to the present.

In this war and in any war in which Americans engage and have a righteous cause for which to fight they will be found equal to every

duty and every sacrifice. When the record is made up it will be illuminated with feats of gallantry and courage and devotion to country and cause. Wherever an American youth is sent he dares to go and carry the flag for which he offers his life.

American fathers who have themselves fought for the Nation's honor and safety, and American mothers whose sacrifices are most trying know what their boys will do. All America knows it will have reason to be proud of the achievements of our young manhood on the field of battle or wherever heroism is in test.

The Liberty Motor Abroad.

The announcement that the first shipments of battleplanes, built in the United States, and equipped with the Liberty Motor, is on its way to Europe five months ahead of its schedule reveals that this country is getting along in its war progress. Many people hold to the view that nothing is as important as a sufficient number of airplanes and pilots, that if the United States would concentrate upon this one factor it would prove decisive in the war.

Secretary Baker points out that for every battle plane in actual fighting there must be two in reserve and a training plane, and besides the pilot there must be at least forty ground men. The engines, huge eighteen cylinder affairs, have to be overhauled continuously in order to safeguard the life of the pilot and render his work effective.

The need is for more men, and more mechanics, for the aviation section of our fighting forces. All who can go into this branch of the service, and the hazards, as pointed out by Gen. Pershing, are no more dangerous than those of ordinary trench warfare.

As To Manual Labor.

The trouble with a good many young men around Paris is that they do not understand the dignity of manual labor. They do not realize that honors and fortunes may be more readily gained outside of the so-called professions than in them, and that it is just as honorable to swing a hammer or to guide a plow as it is to make a speech in court or to amputate a limb. The lesson these young men should be taught as early as possible is that it is not so much what a man does for a living as how he does it, and that manual labor is as honorable as any other. Why, even some of the boys from Bourbon who went to Camp Taylor are beginning to be in love with their labors. And when you consider the fact that some of them never did a day's hard work in their lives, doesn't it sound good?

Business Good?

There are very few "Houses For Rent" signs to be seen around Paris. This is a proof of growth and prosperity, and is also an indication that more homes ought to be provided for the people who would move here, if houses could be rented. There was a time some months ago when the report that the Louisville & Nashville would move their terminals from Paris to Winchester, when a number of houses were vacated. But the demand became just as strong when the scare had passed. The L. & N. did transfer a few families, (as, indeed, they are always doing from time to time) to other points on the line, but there was never a time when the demand for rent houses was not good. There is still room for a large number of cozy and attractive rent cottages in Paris that can be rented at a reasonable figure.

Don't Cuss The Papers.

When you hear a man sneering at the local papers, you can safely bet he doesn't spend much of his time trying to make them better. Those who do not see benefit arising to a town from its papers haven't as much sense as a cove oyster and are of as much benefit to Paris as a fried doughnut to a hungry tramp.

The Limit.

The limit in the "Card of Thanks" nuisance was reached the other day when a paper in an adjoining town "Nothing But the Truth" comes to was thanking her children for so kindly waiting on their father in his last illness and for their presence at the funeral.

FOR THE WAR LIBRARY.

The Paris public is asked to donate works of fiction, standard novels and novels of to-day, books of adventure, detective stories, in fact, every kind of narrative that would appeal to the men in the camps. Even boys' books of adventure need not be omitted, for many of the young soldiers are not past the time when they can enjoy such literature.

Send the books to Miss Imogene Redmon at the Paris Public Library this week.

LOOKS SUSPICIOUS.

In the light of recent events in and around Central Kentucky, it looks a bit suspicious! German spies have certainly been at work in this State. The recent big fires in Winchester; destruction of aeroplanes by fire on board train en route from Lexington to an army camp; the poisoning of four hundred army horses at Covington; numerous incendiary fires at different points, all of an apparently unexplained nature; all these things indicate the work of German agents. Shall we awake to our danger too late? America needs the adoption of a more rigorous policy in dealing with these pests.

TO THE BOYS AND GIRLS OF BOURBON COUNTY.

We are in the greatest peril of all history and we must win the victory of this war. We can and shall win if the boys and girls say so, if they mean it, if they feel it and live it as our ancestors did before there was a United States. It is the part of the boys and girls to give on example of self-denial, sacrifice and teach that they have in every heart the spirit of self-sacrifice to the point of sacrifice. Self-denial of everything unnecessary. Every boy and girl can fight in this war and if they will say, "I will fight, I will save every penny and loan to Uncle Sam to help save the lives of our big boys in France and I will teach all my friends I see to do the same," then filled with the spirit of Rev. Time, boys and girls we can win America as it has always won, through strength, splendid courage and sacrifice in the hearts of our boys and girls, that will teach the Nation the lesson of saving which it must and will through its school children.

Probably one of the very best ways for the boys and girls to be able to make the most for our government would be to cultivate a War Saving Garden. This garden is of prime importance for two reasons: First, to raise money for the purpose of War Saving Stamps; and, second, to provide food for this country and its allies. Both reasons are of tremendous importance. We must have the food if we are going to win the war, and the government must have money to equip its soldiers and sailors, and build its fighting and merchant fleets if we are going to win.

One may think that a little garden, on a tiny patch of ground, will not do much toward winning the war. One may also think that the twenty-five cents paid for a little thrift stamp won't help very much. But five thousand gardens will go a long way toward feeding Bourbon county people for a year. They will produce the food for the home and will permit the big field crops of the farmers to be shipped overseas to our soldiers and our allies. And millions of thrift stamps will furnish a lot of money.

Even in Paris there are hundreds of plots of ground which can be used as War Saving Gardens if Paris boys and girls will but till them. There will be a market right at home for every vegetable that can be raised. One will be surprised by the amount of money that can be realized from even a small bit of ground. On the other hand in the country the boys ought to have their War Saving Acre. He can raise an acre of corn, for instance, and market it direct like his father does, all at one time. He may feel that he is actually helping to feed our soldiers abroad, while the boy with a little patch in the city knows he is only doing so indirectly by helping to supply the demand at home.

Every farm boy, also, should have a War Saving Pig. We need pigs just about as badly as anything in the food line. A War Saving Pig will bring a lot of money next fall. The farm girl must have her War Saving Flock of Hens, as she may belong to a War Saving Canning Club. But this movement should not be limited to the children. The raising of \$150,000,000 in a year is no children's proposition.

The War Saving workers are urged to take this up at once. It is only a short time now before garden work will begin. Teachers should interest their pupils now. Business men and all interested in the successful prosecution of the War Saving Campaign, should lend their hand.

This is the one time of all for boys and girls to be trained up in the only way worth while—a life of service. We know well that a human life is valuable only in so far as it contributes something to the good of all. Let us respond heartily to the call. The very best way to forget sorrow, to banish fears, to find the peace our hearts long for, and strength we need, is by doing cheerfully with our might the tasks which the days bring us in this service.

Other countries rely on this strong young country for material and for that boundless courage which sees and understands the worst, yet fears not. But the unfortunate circumstances of this country is that the greater part are not saving any more than the high cost of living force them to on account of their financial condition. We have done much toward conservation, but if we do not save still more there will not be enough to feed our allies and enable them to continue to fight with us until our cause is triumphant.

Ask yourself this question. What can I do to be of the greatest service to my country? The answer will come to you if you will think on it.

LOT OF RHEUMATISM NOW, RUB AWAY PAIN

Here's Instant Relief! Limber Up Sore, Stiff Muscles and Joints With "St. Jacob's Liniment."

Count fifty! Pain gone. Rheumatism is "pain only." Not one case in fifty requires internal treatment. Stop drugging! Rub the misery right away! Apply soothing, penetrating "St. Jacob's Liniment" directly upon the "tender spot," and relief comes instantly. St. Jacob's Liniment is a harmless rheumatism liniment which never disappoints and can not burn or discolor the skin.

Limber up! Stop complaining! Get a small trial bottle of "St. Jacob's Liniment" at any drug store, and in just a moment you'll be free from pain, soreness, stiffness and swelling. Don't suffer! Relief awaits you. "St. Jacob's Liniment" has relieved millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains and swellings. (adv)

A NERVOUS BREAKDOWN

Miss Kelly Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. I took the first day I took it began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."—Miss FLO KELLY 476 So. 14th St., Newark, N. J.

The reason this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition and as a result her nervousness disappeared.

SOME FOLKS SAY THE "COMMA" MAKES NO DIFFERENCE

Two thousand bonds of \$500 denomination, comprising \$1,000,000 "Deficiency Bonds" issued recently to a New York banking concern, were mutilated in Cincinnati by City Auditor George P. Carrel because of errors in printing.

A misplaced comma caused the total amount of the bond issued to appear \$100,000 instead of \$1,000,000, while a figure "2" was not readable in two places. Mr. Carrel had signed 250 of the bonds when he noticed the mistakes, while Acting Mayor Carl Jacob, was ready to attach his signature.

The bonds will be reprinted. The coupon sheets, however, were free from errors, and can be used. The bonds were mutilated to prevent them from being used improperly.

22 Million Families in the United States

4 CUPS OF WHEAT FLOUR TO THE POUND

If each family used 4 cups of flour less per week, the saving would be 22 million pounds or 112,244 barrels *every week*.

The greatest help housekeepers can give to win the war is to make this saving and *it can be done* by using this recipe in place of white flour bread.

Corn Meal Biscuits

$\frac{1}{2}$ cup scalded milk $\frac{1}{2}$ teaspoon salt
1 cup corn meal 1 cup white flour
2 tablespoons shortening 4 teaspoons Royal Baking Powder

Save $\frac{1}{4}$ cup of the measured flour for board. Pour milk over corn meal, add shortening and salt. When cold, add sifted flour and baking powder. Roll out lightly on floured board. Cut with biscuit cutter and bake in greased pan fifteen to twenty minutes.

FOOD WILL WIN THE WAR

A BADGE OF HONOR.

A Liberty Loan button is a badge of honor. Rightfully obtained it marks the wearer as one who has performed a distinct, definite service to the country.

Not all can fight, not all can work directly for the Government; but in buying a Liberty Loan Bond, or War Savings Stamps, every American renders some service to the Nation. It has been put within the reach and power of every citizen to aid the United States financially; it is a poor American who withholds support from the Government, from our soldiers and sailors fronting death on battlefields and oceans.

Iron crosses to German soldiers, and diamond orders exchanged between Turkish and German sovereigns may be but the honors of atrocity. But a Liberty Loan button, simple as it is, signifies a patriotic duty done and is an insignia of honor.

SAYS KEY OF PEACE IN HANDS OF ANGLO-SAXONS.

In an interview with the semi-official German news agency Prince Maximilian, heir to the throne of the Grand Duchy of Baden, said that in his opinion the key to a general peace was in the hands of the Anglo-Saxon people.

"Reports from America are contradictory," he continued. "I shall not anticipate the reply of Chancellor von Hertling to President Wilson, but I wish to point out that in his last speech the President did not talk as a judge of the world."

After referring to Mr. Wilson's remark that he did not desire to act as arbiter for European affairs, the Prince said:

"These words are full of significance. Everything may be attained once the peoples get so far as to talk to one another without claiming infallibility, but rather in a Christian spirit."

Government life insurance for the men in the service is a good thing which most of them have taken.

STATE FUEL ADMINISTRATOR SAYS BUY COAL EARLY.

In a letter to the Bourbon County Fuel Committee, of which Mr. James H. Thompson is chairman, State Fuel Administrator Wiley B. Bryan, of Louisville, urges that housekeepers and other consumers purchase their next winter's supply of coal during the months of April and May. "To avoid," he points out, "repetition of the critical conditions with which we were confronted the past winter."

The local fuel committee heartily endorses this recommendation, as it does not see any prospect of coal being any cheaper later in the year than in April and May. In fact, it is expected that the demand for fuel will be stronger in the late summer and fall, for not only many who were able to buy earlier but neglected to do so, but the small buyer who cannot afford to buy in larger quantities will have to be supplied then. This was what contributed greatly to the recent shortage here.

OUR BOYS ARE ALL RIGHT IN EUROPE.

The following from the battlefield will serve as a direct refutation of the slanders concerning the American troops in France, published by the Board of Temperance and Morals of the Methodist Church, in Washington, which charged drunkenness and immorality against the boys "over there."

"An enthusiastic report of conditions among the American forces abroad were received at Boston, Friday, from Dr. Daniel A. Poling, Citizenship Superintendent of the United Society of Christian Endeavor, who is now in France representing that organization.

"We are literally performing miracles," Dr. Poling asserted. "The morale of the men is superb and when the hour strikes they will be found worthy of the high traditions of our people. They realize that stern things are before them, but they will not fail."

Rumor is that the German independent socialists are planning a big strike at munition centers on April first.

FIFTY POUNDS ALLOWED PARCEL POST PACKAGES.

Effective March 15, provisions of paragraph 1, Section 454, Postal Laws and Regulations, has been amended, so that fourth class mail matter will include all other matter such as farm and factory products, not now embraced by law in either first or second class matter.

The section has been amended to read as follows:

"Section 454. Fourth class mail matter shall embrace all other matter, including farm and factory products (and books), not now embraced by law, in either the first or second class, or (with the exception of books) in the third class, not exceeding in weight, (when mailed for delivery within the first, second or third zones, nor exceeding 50 pounds in weight, when mailed for delivery within any other zones), nor greater in size than 84 inches in length and girth combined, nor in form or kind, likely to injure the person of any postal employee, or damage the mail equipment or any other mail matter, and not of a character perishable, within a period reasonably required for transportation and delivery."

The change will serve to increase the usefulness of the parcel post as a prompt and convenient means of transporting mailable parcels. The increased weight limit will be particularly advantageous in the marketing of farm products, as it will make it possible for producers and consumers to get into direct contact, thereby facilitating the conservation and distribution of food.

The increased weight does not apply to parcels sent to the expeditionary forces in Europe. Parcels mailed to those forces must not exceed seven pounds in weight.

"CASCARETS" FOR A COLD, BAD BREATH OR SICK HEADACHE

Best For Liver and Bowels. For Biliousness, Sour Stomach and Constipation.

Get a 10-cent box now. Furred tongue, bad colds, indigestion, sallow skin and miserable headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too. (adv)

THEATERS FINISHED: MANAGERS NAMED.

Exceptional progress has been made in the construction of Liberty theaters at the cantonments and camps, the commission announces. Hollis Cooley, manager of the United States Army Camp Theaters Booking office, advises the war department that three amusement palaces have been completed and carpenters and artisans are approaching the finishing touches on the others. Selection of managers is the next step in the commission's program. The country is being combed for the best directing and business talent. The first appointment to be announced is that of Richard Greet, brother of Ben Greet, the noted English Shakespearean actor. Mr. Greet has been named manager of the Liberty theater at Camp Sherman, Chillicothe, O. He has had long stage experience.

Authorities had some difficulty in getting the theaters under way at first, owing to the shortage of material, but now that this has been overcome the work is going forward rapidly.

COLUMBIA

Oil & Gas Co. Stock

Drilling rigs will soon be working on our properties and making dividends for our stockholders.

The time to make money in a company is between its incorporation and the payment of the first dividend. In the early part the risk is greatest, therefore the stock is usually low. As the company progresses, the stock advances. When dividends commence the stock usually sells at par, and many times above par—depending on the values back of the stock and prospective future earnings.

THE COLUMBIA OIL & GAS COMPANY has progressed far beyond the speculative stage—with its properties so well proven up, it is reaching into, and we hope will soon enter, the dividend period. Therefore, this is the logical time to buy stock; to make the safest investment, and the most money. When the first dividend is declared you cannot buy stock at the present price—if at all.

Come in with us now—we are on the road to dividends, and higher prices.

Write us to-day for full information—we will cheerfully answer any question to your full satisfaction. It is our business to do this, as we are the Fiscal Agents of the Company.

We sell stock in large or small amounts, to suit the buyer.

STATE FOOD ADMINISTRATOR
APPEALS TO FARMERS.

County Food Administrator John T. Collias has received the following bulletin from State Food Administrator Fred M. Sackett, of Louisville, requesting him to give it the very widest publicity through the press and otherwise:

"The following telegram was received from Mr. Hoover:

"In order that we may comply with the urgent demands of the Allies for wheat, and at the same time, take care of our own domestic supplies, we urgently need this year an earlier and more complete marketing of the wheat in farmers' hands than usual. The Allies are taking from us fifty per cent. of other cereals than wheat to mix in their bread. Inasmuch as the people in allied countries, and the soldiers, must be fed with bread baked in bakeries, it is impossible for them to prepare bread made wholly out of other cereals and we must furnish them with sufficient wheat to maintain their bakery loaf. I, therefore, appeal to all of the farmers in the State of Kentucky that they shall bring all of their wheat, except their necessary reserves for seed, to market before May 1st. This is a war call and a service for Uncle Sam who is fighting for his life. If your local miller is unable to buy all the wheat that is offered, market it in the other customary trade channels through which it will reach the Food Administration Grain Corporation. Please publish this in your newspapers and appeal to all patriotic farmers to heed Mr. Hoover's suggestion."

"FRED M. SACKETT,
Federal Food Administrator for Kentucky."

BOOKS FOR THE SOLDIERS

This is the week of the nationwide drive to collect a million books for soldiers' libraries. The American Library Association has been put in charge of this work by the Government, and Miss Fannie Rawson, of Frankfort, Secretary of the State Library Commission, is in charge of the work in this city and is being assisted by a number of energetic workers.

Miss Redmon reports a generous response to the appeal for books for the soldiers, but there is room yet for more. Good books are wanted and good books of every kind to meet the varying tastes of the soldier boys. It is necessary that these books be collected this week for immediate consignment to the camps.

Take a look through your books. You will then be able to recall many that filled you with delight a long time ago, and which you well know will be a delight to some boy who has left his home in obedience to the Government's call to the colors. Remember, he has many lonesome hours and these books will be a solace and a source of satisfaction, the same as they were to you.

OUR SOLDIERS AND SAILORS WANT BOOKS TO READ.

Our soldiers and sailors want some of your books to read in their "off" hours. The best you have are not too good. Wrap them and send to Miss Imogene Redmon, this week, at the Paris Public Library, corner of Seventh and High streets. "The boys" will greatly appreciate them, and you will never miss them.

Why Attend Fugazzi School of Business?

1—Because we do what we agree to do, and make no false representations—with a view of inducing patronage.

2—Because we have an ample faculty of educated teachers—and what is of much greater importance to our students, they are practical women who have had years of experience in the work they are teaching.

3—Because we make thorough instruction and conscientious service the basis of our claim to your patronage. It is our aim to lead everyone who may enroll with us to a practical knowledge of the studies pursued, and we succeed in this with all who apply themselves. What young people need who wish to begin life at any sort of work is THOROUGH PREPARATION. The real workman in any vocation is never "out of a job;" can always get more than he can do. Business men have neither time nor inclination to instruct their employees—that is our work.

There was never a better time for you to get into the swim—money is moving. It will be wise for you to move with it. Every condition is favorable. There is more money in the family circle than there has been in years. If some of it is not appropriated to your interest in the near future, it is more than likely that you will miss your chance.

You want to take advantage of this rising tide. You can do this by making a start now. We can not only fit you for business, train you for practical work, but if you need our aid, we can get paying employment for you.

We court a thorough investigation. Write, phone, or call at the school. Day and Night Classes.

FORMER PARISIAN TELLS OF
SUNNY CALIFORNIA.

A member of THE NEWS staff is in receipt of a most interesting letter from a former resident of Paris, a schoolmate, friend and neighbor, who is now living in sunny California. The writer is Mr. T. Clarence Erringer, of Chicago. Mrs. Erringer and family, after leaving Paris many years ago, located in Chicago, where the boys became interested in business ventures. Frank Erringer remained in Chicago, while Clarence, filled with a desire to live the simple life, went to the sunny clime of California, where he now owns a fine fruit rancho. Mr. Erringer's letter will be of interest to our readers and to his many friends here:

"Rio Vista Rancho, Fillmore, Cal.,
"Dear Old Chum:—

"Frank has kept me pretty well posted concerning yourself and other of my Paris friends of the old days, and to-day the occasion seems so fitting—rain and stormy outside that I propose a line or two, perhaps several paragraphs.

"I have at last reached the goal of my ambition, the height of contentment and happiness, rancho life. It is the only life, in fact, for the poor as well as the rich man. At the age of fifty I find myself 'physically fit,' for another term of perhaps fifty more years on the good old earth. And I sure do love old America.

"Now, concerning my rancho, it may perhaps interest you to know something of the place, the surrounding country, etc. We are located in the beautiful Santa Clara Valley, in Ventura county, California, the rancho proper being in the foothills of the Sulphur Mountains to the south, with the Santa Clara river on the north. "Camulos," the famous home of Ramona, is two miles to the east of this place, and Fillmore, a city of 3,000, on our west. It is a delightful panorama, all around, in fact.

"My rancho is planted mostly to fruit, forty acres being in four-year-old lemons, now just beginning to bear nicely; forty-five acres in walnuts, six-year-olds, all bearing heavily; forty-five acres in fifteen-year-old apricots, full bearing; five acres in Valencia oranges. On the rancho, which comprises about three hundred acres, we have the best of pasturage for our cattle back in the hills, have apiaries, etc. Recently, Mr. E. L. Doheney, the oil magnate, has acquired holdings all around us, and I have just refused a large sum for my oil rights, as some day it is my desire to develop.

"It is quite interesting during our apricot harvest, which is drawing near (June 1) to see our small army of apricot pickers, cutters and driers working full force, some 100 to 250 girls being employed for the work. We have a large drying shed, sulphur houses, tramways, etc., for the purpose of carrying on this work. The campers have their tents in a beautiful eucalyptus grove near the orchards, and they manage to enjoy themselves hugely, at the same time earn vacation money ranging anywhere from \$1.00 to \$3.00 per day, the season lasting about thirty days. We generally have a crop of about 150 tons of the green fruit, or when dried, one-fifth of that amount, being thirty tons of dried apricots, selling anywhere from 10 cents to 15 cents per pound, last season bringing fifteen cents per pound, being war prices.

"The walnuts follow soon after harvesting of our beans, about October 1. The beans are interest in the young lemon groves, by the way, forty acres yielding about seven sacks to the acre. This applies to the Blackeyed Susan variety or 'Coon Beans.' The walnuts are of the 'budded' stock or familiarly known as the Placencia Perfecto or Santa Clara soft-shell variety. These command the highest prices, last season bringing 22 cents for the Jumbo, and 20 cents for the orchard run stock.

"We are having our first rains after a dry period of eleven months, and the rancho men are all smiles. Our normal rainfall in the valley averages about twenty inches, while since the 25th of February we have had fifteen inches, thereby insuring not only an immense crop, but coming at a time when things looked very encouraging for a rainless season.

"My youngest son, Orville, is manager of the rancho, having taken the place of Theodore, my oldest son, when the latter left to marry and locate in the East. It would be a great pleasure to me to have any of my old friends who should happen to be journeying in Southern California visit me at "Rio Vista," and I would insure them an interesting time as well as a taste of real rancho life. We have a commodious rancho home and all the comforts of life, and would make things interesting for our visitors.

"My mother, who is with me, as well as Mrs. Erringer, joins me in kindest regards to all our friends, and especially to those who were our friends and comrades in the days of the old City School, and the playdays out on Vine street. Remember me to Swift Champ, Bruce Miller, Warren Bacon, Frank and Harry Clay, Duncan Bell and Ed. Tucker, and a few other old settlers, and tell them all that 'this is the life' out here under the finest climate the world ever saw. Tell them to get away from the grind of business life, and come to California, and go to ranching. From a delicate kid I have grown into a real man, and feel perfectly able to lick Jess Willard, if I should happen to get real mad. With best regards,

"Your old Vine street neighbor and friend,

"CLARENCE ERRINGER."
The letter was accompanied with a large number of kodak views, taken on and in the vicinity of "Rio Vista," showing Mr. Erringer to be, indeed, most delightfully situated.

"NOTHING BUT THE TRUTH."

"Nothing But the Truth" comes to the Paris Grand Opera House next Thursday, March 28. This is a farce of the riotous laughter kind. In it the hero wagers that without changing his mode of life he can utter nothing but the truth for a certain period. He proceeds to do so and succeeds thereby in disrupting the domestic relations of his partner—brings about his ears the avowal of his fiancée that she will break their engagement; sets a rumor afloat that upsets Wall Street; tarnishes a number of spotless reputations and succeeds in involving those with whom he comes in contact, in a seemingly hopeless tangle of complications. It is the making and unmaking of these that form a story of laughter in gales and shrieks. It is the telling of this story that has made "Nothing But the Truth" the synonym of mirth.

READING FOR SOLDIERS.

Our soldiers want more reading matter. A large number of books have been sent both to the men in the home camps and those at the front in France, but the supply is not yet sufficient, and the public is asked to meet the need by selections from its own libraries or volumes purchased for the purpose. But it must be done this week, as Sunday will be the last day.

Send the books to Miss Imogene Redmon, librarian at the Paris Public Library, and they will be gratefully received and forwarded.

MAYSVILLE JOINS RANKS OF BIG FIRE LOSERS.

The origin of the \$45,000 fire, which destroyed the C. & O. coal docks, at Maysville, Sunday night, is unknown yet, but it is believed that two men, who wanted to stay all night at the docks on Saturday night set the place afire. The men were seen in the vicinity of the docks at various times Sunday, and it is thought that they waited until dark and when all the employees were busy to slip into the boiler room and started the blaze.

The coal docks were built about nine years ago at a cost of \$35,000. They were modern in every particular and were equipped with some very expensive machinery. The loss to the C. & O. will be about \$45,000. The Spahr Brick Co.'s loss is placed at about \$1,500, while the Maysville Street Railway Co.'s loss was about \$500.

FIRE DESTROYS ARNOLD HOME IN MT. STERLING.

Fire, supposed to have caught from the kitchen flue, destroyed the frame residence belonging to Wm. Arnold, located on Spring street, Mt. Sterling, early Tuesday morning. The contents were burned. The loss will reach approximately \$1,250, partially covered by insurance. The house was situated just at the edge of the city limits and far from a fire plug, and the fire department could not reach the flames with the hose.

Master's Sale

BOURBON CIRCUIT COURT.

Carrie Coleman and Others, Plaintiffs

Vs.—Notice of Sale.

John Frazier and Others, Defendants

Under and by virtue of a judgment and order of sale rendered at the November term, 1917, of the Bourbon Circuit Court, the undersigned Master will, on

Saturday, April 6, 1918,

at the front door of the Court House, in Paris, Kentucky, at about the hour of 12 o'clock (noon) a. m., sell at public auction to the highest and best bidder the following described property:

A certain lot or parcel of land lying and being in Bourbon County, Kentucky, on the waters of Houston and bounded as follows:

On the North by the Bethlehem and New Hopewell Turnpike; on the East by Jim Murphy; South by King Brooks; on the West by Will Williams; supposed to contain two acres, more or less, and being the same property conveyed to Isaac Frazier by George Arnett and Rebecca J. Arnett, his wife, by deed dated May 22, 1917, recorded in Deed Book 65, page 84, in the office of the Clerk of the Bourbon County Court.

Said sale will be made upon the credits of six and twelve months, the purchaser or purchasers being required to execute two bonds for equal parts of the purchase price, with good surety, to be approved by the Commissioner, due six and twelve months from date of sale respectively, and bearing interest at six per cent. per annum from date until paid, said bonds to have the force and effect of judgments, and the purchaser may, at his option, pay cash. Said sale is made for the purpose of a division among the parties in interest.

O. T. HINTON,
Master Commissioner.

SHOOT 'EM ON THE SPOT!

If artillery horses, why not artillerymen? Why not civilians? The incident at Camp Grant which caused more damage than a half dozen Zeppelin raids upon the unfortified British cities was the logical outcome of German propaganda in the United States, accompanied everywhere by a disposition to commit overt acts. Further leniency, further softness toward German agents in America invite far graver enemy raids than the poisoning of 700 horses, which in itself was no mean coup for the Kaiser.

SHORTAGE OF TOBACCO COTTON IN LOCAL STORES.

With the exception of one department store, Paris stores were confronted yesterday with a decided shortage of tobacco cotton, the demand for the staple far exceeding the supply. The prospect of an increased acreage and a big crop of the weed this season caused a rush on local supplies, with the result that the stores were soon unable to supply the needs of the tobacco men. Conditions are likely to improve soon, as wholesalers will be able to get stocks of the cotton to the local merchants.

FARMERS URGED TO SELL THEIR WHEAT EARLY.

A telegram was received Wednesday from Federal Food Administrator Hoover by County Food Administrator John T. Collins, requesting him to urge Bourbon county farmers to dispose of all their surplus wheat by May 1, in order to meet the demand from the soldiers and the Allies.

There is very little, if any, wheat being held by farmers in Bourbon county, according to local dealers, the grain having been disposed of through the regular channels some time ago.

EPWORTH LEAGUE PLAY.

The members of the Epworth League of the Paris Methodist church presented a clever playlet, "This Is So Sudden," at the church, last night at 7:30 o'clock, to a large audience. The various characters in the cast were in capable hands and were presented in a way that would have been a credit to professionals. At the conclusion of the presentation refreshments were served, and a free-will offering taken, the proceeds of which will be devoted to the work of the League. The cast was as follows:

Gertrude (age 25) Miss Vella Mastin
Florence (age 29) Miss Ina Mattox
Marie (age 22) Miss Gladys Snapp
Helen (woman of the world—age 35) Miss Frances Hancock
Margaret (a society girl) Miss Mabel Galloway

REAL CAUSE OF RHEUMATISM IS STILL UNKNOWN

But, Whatever the Reason, Radium is Known As Effective Curative Agency.

Whether or not it is uric acid or some other impurity in the blood that causes rheumatism is still a question. But, whether it is uric acid or some other impurity, radium is an effective curative agency for rheumatism.

It is generally believed that rheumatism is caused by uric acid or some other impurity in the blood. These impurities travel about the circulatory system of the blood and are liable to settle in any one or in several points causing the aches and pains of rheumatism to come in these points.

It is declared that if the blood is free of all impurities—uric acid and all other impurities, too—rheumatism will gradually leave.

Radium purifies, cleanses and enriches the blood. It drives out uric acid and it drives out the other impurities also, so that no matter what really causes rheumatism, radium is effective as a curative agency.

Tanlac Rheumatism Treatment, which is now being introduced, contains radium and that is why its makers have such confidence in it for the treatment of rheumatism.

Tanlac Rheumatism Treatment consists of a tablet for internal use and a special medicament for external application. Each of the tablets for internal use produces four mache units of genuine radium emanation.

Try a real medicine for rheumatism! Try Radium! You can get Tanlac Rheumatism Treatment at any good drug store where you get Tanlac, the famous tonic.

WHERE THE ALLIED LOANS GO.

More people than you would believe are under the impression that the money which Uncle Sam is lending to the Allies leaves America for expenditure in Europe and other foreign countries.

This is a mistaken idea. Virtually all of it is expended right here at home for American produced goods, munitions and food stuffs.

Since the declaration of war against Germany on April 6, 1917, Congress has authorized the lending of \$7,000,000,000 to the Allies, to be paid over before July 1, 1918. Up to November 1 the Allies had received advances aggregating \$3,691,400,000. They had expended in America for supplies \$2,758,900,000, and had remitting to their credit in the United States treasury a balance of \$932,500,000.

From April to November the Allies had been borrowing from Uncle Sam at the rate of approximately \$500,000,000 a month.

And they had been spending it with as almost as rapidly as they got it!

So the money which you put into Liberty Bonds in the two preceding campaigns has been trickling back through the channels of commerce in an uninterrupted stream. What the Allies are not spending is being scattered by Uncle Sam, who is confronted with the task of supplying and caring for a developing army of nearly 2,000,000 men.

And so it will continue as long as the war lasts. The men afield must be supplied with munitions, clothing and food. Every line of American endeavor will profit. The larger the bond sales, the greater the growth of the Allied armies and their requirements; the more tremendous the expenditures.

Every dollar put into Liberty Bonds is an added stimulus to American industry and American prosperity.

Besides making more and more certain the defeat of the Kaiser's ambition to rule the world with his mailed fist.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy. It is taken internally and acts thru the blood on the Mucous Surfaces of the System. One Hundred Dollars Reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for testimonials.

FEW CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR.

Save Your Hair! Make It Thick, Wavy and Beautiful—Try This!

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderline to-night—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderline from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp. A GOOD POTATO CROP

Here is how I raised 330 bushels of Irish potatoes on 1 1/2 acres of land last year. I had sown this land in clover and alfalfa, had cut it one year, covered it in the fall with stable manure, plowed it in February, harrowed it well and planted the last days of March. I cut the potatoes one eye in a piece as near as I could. I furrowed the land off four feet apart with a furrowing plow as deep as I could, dropped two pieces to the hill as close as could be worked, I guess about 20 inches apart. Covered with hoes, about three hoofulls of dirt to the hill. Cultivated twice before they could be hoed. I laid them by as early as I could and planted corn with a one-horse corn drill between the rows, hoed this corn twice, keeping it clean. The corn made fine roasting ears and came in fine to start the hogs and feed milk cows in late fall. Asa W. Shown, in Southern Agriculturist.

FORGOT WHAT HE NEEDED.

From the Republican, Mt. Gilead, Ohio: The editor had an interesting experience some time ago, when a young gentleman came to his office and asked for a copy of the Morrow County Republican. He scrutinized it carefully when a copy was handed him, and then said: "Now I know!" "What is it you are looking for," we inquired. "My wife sent me after a bottle of Chamberlain's Cough Remedy, and I forgot the name. I went to several stores and the clerk named over everything on the shelf except "Chamberlain's". I'll try again, and I'll never go home without Chamberlain's Cough Remedy." The Republican would suggest to the proprietors of drug stores, that they post their clerks, and never let them substitute. Customers lose faith in stores where substituting is permitted to say nothing of the injustice to the makers of good goods and the disappointment of customers. (adv. March)

MARKET FOR RABBITS.

There are millions of rabbits in the West and Southwest that could be marketed in large cities, according to reports received by the Bureau of Markets, United States Department of Agriculture. Efforts the being made by the Department of Agriculture and by individuals in this territory to interest dealers throughout the country in the possibilities of handling rabbits from Texas, New Mexico, Oklahoma, Arizona, Nevada, Kansas and other Western States.

Reports from ten large cities indicate a good market demand for cottontail and jack rabbits, with wholesale prices ranging from \$2 to \$5 a dozen for jack rabbits, depending upon the size and quality and distance of market from supply. The increased demand for rabbits this winter in some cities is due, say dealers, to meatless days and the high prices of meats and poultry.

WOMEN LEARNING TO KNIT TWO SOCKS AT ONCE.

The art of knitting two socks at once—one inside the other—has recently been introduced into this country from Europe and is exciting much interest among Red Cross workers, says the April Popular Mechanics Magazine. Two, instead of one balls of yarn are required, but the regular number of needles is used, stitches being taken with each thread alternately. The outer sock is made wrong side out, while the inner one is knit in the regular way.

HERE'S A PATRIOT.

One of the quietest and at the same time most highly respected young men about Elkton is Clyde Wright, 26 years old and an employee on the Perkins & Gardner farm, near town. He is a firm believer in actions rather than words.

Inability on the part of his employer to find some one to take his place at the time alone kept him from volunteering for service in the navy, and when he was drafted he came to town, had the editor of the Times fill out his questionnaire, one of the simplest of jobs, because the young man waived all exemptions and stated he wished to go at once. And this isn't all—yesterday afternoon he came to town and planked down a cool thousand dollars for the maximum limit in war-saving certificates, saying that he wanted his money to help while he himself is in the trenches. He is the first Todd countian to take the limit in this patriotic movement, and the thousand represents a big slice of the money he has accumulated through industry and integrity. And the question now is: How many who are NOT going to the trenches will be as liberal with their money?—Todd County Times, Elkton, Ky.

THINGS TO WORRY ABOUT.

The New York World says that a girl, half-clothed, who danced before a society club in that city, recently, was arrested and held under \$300 bail "for further examination." We are inclined to the opinion that it must be very hard to satisfy the curiosity of some New Yorkers.

PE-RU-NA

Those who object to liquid medicines can secure Peruna tablets.

Mrs. Ross A. Kiss, 318 Clinton Place, Kansas City, Missouri, writes:

"I was very sick with Catarrh and Bronchitis. I also had a cold in the head. I used Peruna and am well pleased with the results. It has done me a great deal of good. I do not need any other medicine. I can cheerfully recommend it to any one who is troubled with catching cold frequently or any one who has a chronic cough or chronic catarrh. Those wishing further particulars concerning my case may write me. Be sure to enclose a stamp and I will answer."

WANT MORE COMFORT KITS WITH SOCKS AND TOBACCO.

Every American woman who has helped to pack a Red Cross comfort kit for our boys "over there" will be interested in a cablegram received February 24, at the National Headquarters, from Major James H. Perkins, American Red Cross Commissioner to Europe:

Every American soldier now entering the trenches carries an American Red Cross comfort kit containing towel, shirt, writing paper, pencil, soap, handkerchief, socks, mirror and tobacco. The number of kits cannot be stated, but the fact that every soldier has one means that the work done by American women is a big comfort to the soldiers now on the

fighting line. This fact should be a solace to the American women who have made them, as well as to the soldiers. More kits wanted with socks and tobacco.

TRY THIS FOR SOUR STOMACH.

To The American People

There is no foundation for the alleged violations of law attributed to our Company by agents of the Federal Trade Commission and I want to say emphatically that Swift & Company is not a party to any conspiracy to defraud the Government. Nor has Swift & Company been guilty of improperly storing foods or of making false entries or reports.

Conferences of packers, where prices have been discussed, have been held at the urgent request and in the presence of representatives of either the Food Administration or the Council of National Defense. And yet the packers have been accused of committing a felony by acting in collusion on Government bids!

We have done our best, with other packers, large and small, to comply with the directions of the United States Food Administration in all particulars, including the furnishing of food supplies for the U. S. Army and Navy and the Allies, now being handled through the Food Administration.

We will continue to do our utmost, under Government direction, to increase our production and assist the Food Administration. We consider that the opportunity to co-operate whole-heartedly and to our fullest powers with this branch of the Government is our plain and most pressing duty.

The Trade Commission Attorney has, by false inference and misplaced emphasis, given to disconnected portions of the correspondence taken from our private files and read into the Record, a false and sinister meaning with the plain purpose of creating antagonistic public opinion.

The services of the packers of the United States are most urgently needed, and I regret exceedingly that we should at this time have to spend our efforts in defending ourselves against unfounded, unproved, and unfair assertions such as are being daily made public.

FEDERAL INCOME TAX IN BRIEF

The Requirements Boiled Down for Busy Folks.

Returns must be filed on or before April 1, 1918.

Tax due may be paid now or on or before June 15, 1918.

If you are single and your net income for 1917 was \$1,000 or more you must file a return.

If you were married and living with wife (or husband) and had a net income of \$2,000 or more for 1917 you must file a return.

Husband's and wife's income must be considered jointly, plus income of minor children.

Income of a minor or incompetent, derived from a separate estate, must be reported by his legal representative.

Severe penalties are provided for those who neglect or evade the law.

For false or fraudulent return there is a penalty not exceeding \$2,000 fine or year's imprisonment, or both, plus 100 per cent. of tax.

For failure to make return on or before April 1, 1918, fine is from \$20 to \$1,000, plus 50 per cent. of tax due.

Returns must be filed with the Collector of Internal Revenue of district in which you live.

An agent may file return for a person who is ill, absent from the country or otherwise incapacitated.

Each return must be signed and sworn or affirmed by person executing it.

Single persons are allowed \$1,000 exemption in computing normal tax.

A married person living with wife (or husband) is allowed \$2,000 exemption, plus \$200 for each dependent child under 18.

A head of family, though single, is allowed \$2,000 exemption if actually supporting one or more relatives.

Returns must show the entire amount of earnings, gains and profits received during the year.

Officials and employees are not taxable on the salaries or wages received from a state, county, city or town in the United States.

Interest on state and municipal bonds issued within the U. S. is exempt from federal income tax and should be omitted.

Interest on United States government bonds is also exempt, except on individual holdings of Liberty Bonds in excess of \$5,000 par value.

Dividends are not subject to normal tax, but must be reported and included in net income.

Gifts and legacies are not income and should not be included on the return of the beneficiary.

Life insurance received as a beneficiary or as premiums paid back at maturity or surrender of policy is not income.

Payments received for real or personal property sold is not income, but the profit realized thereon is income for the year of sale.

Amounts received in payment of notes or mortgages is not income, but the interest on such notes or mortgages is taxable income.

From the entire gross income certain allowances are made in arriving at the net income.

Necessary expenses actually paid in the conduct of business, trade or profession may be claimed.

A farmer can claim payments for labor, seed, fertilizer, stock feed, repairs on buildings, except his dwelling; repairs of fences and farm machinery, materials and small tools for immediate use.

The amount of rent paid for a farm may also be claimed as a tenant farmer's expense.

Payments for live stock are allowable if bought for resale. But if bought for breeding purposes cattle are an investment, not an expense, and cannot be allowed.

A storekeeper can claim amounts paid for advertising, clerk hire, telephone, water, light and fuel, also drayage and freight bills and cost of operating and repairing wagons and trucks.

A physician can claim cost of his professional supplies, rent, office help, telephone, expense of team or automobile used in making professional calls and expenses attending medical conventions.

A dentist can claim similar items, except team or auto expense, which are not necessary in his profession.

Expenses that are personal or connected in any way with the support or well being of a person or family are not allowable.

The costs of machines, instruments, vehicles or implements that are more or less permanent in character are not allowable as an expense. They are investments.

Interest paid on a mortgage or other personal indebtedness is allowable on a personal return.

All taxes paid within the year can be taken out on a federal return, except federal income taxes, inheritance taxes and assessments for local improvements.

Losses sustained in business or through fire, storm or shipwreck or by theft, except when compensated by insurance or otherwise.

Wear and tear of rented buildings or machinery used in business may be claimed.

You can also claim the amount paid to the Red Cross and to other charitable, religious or educational organization to the extent of 15 per cent. of your net income.

THE BANK THAT DIDN'T FAIL.

This is the story of a bank. Not one of those banks that stand on the main street, with a row of marble pillars in front, and portly depositors coming and going in their own automobiles. This bank is made of tin, shaped like a little child's toy.

As a matter of fact it was intended for a child's toy. But an odd incident changed it into a National Bank, and I defy anybody to show me a bank in the country that is safer, surer, sounder.

It belongs to Mary Brown's little brother. He had grown up and discarded it, and she found it one day.

"I've been meaning to save toward a new set of furs," Mary Brown observed. "Believe I'll start to-day, and use Jimmy's old bank." She popped in a dollar.

She works in an office downtown, and gets twenty a week. She had never put away a dollar of this money. She always found so many things to spend it on as she went along; and living at home makes one careless. People sometimes talked to her about saving for the rainy day, but she kept on putting it off.

The next week when she drew her salary she popped four more dollars into the slot. She liked the rattle of them; she decided she could spare two more. The next week she did the same thing and added to the sum again. By the sixth week she set to thinking.

"I never knew how fast money could accumulate until I put it where I can't get it out," she said. "The furs are nearly bought already."

Suddenly it occurred to her: "Do I really need those furs, after all? My old ones aren't so bad. What I'm really enjoying is not the prospect of the furs; it's the fact that I'm putting away some money at last. It gives me a substantial feeling, as if I were a real factor in life, a member of the society of this world, a person of a certain economic basis. And no matter how small that basis, I can make it grow."

Suddenly her eye happened on an announcement:

"Liberty Bonds, Four Per Cent."

It was the psychological moment. Mary Brown opened the bank. In six weeks she had saved forty-two dollars, and she was able to add eight more. Within twenty-four hours the long brown bond rested in her safety box.

That was the beginning. She has stuck to the little tin bank for luck, keeps it in a safe place, and she says that it will pay for at least two fifty-dollar bonds in the next issue—maybe more. And these bonds, in turn, will yield more dollars as nest eggs for new savings.

Try a tin bank yourself! Start to-day!

DOUBT DISAPPEARS.

No One in Paris Who Has Had a Bad Back Should Ignore This Double Proof.

Does your back ever ache? Have you suspected your kidneys? Backache is sometimes kidney ache. With it may come dizzy spells; Sleepless nights, tired, dull days, Distressing urinary disorders.

Doan's Kidney Pills have been endorsed by thousands.

Are recommended here at home.

You have read Paris proof.

Read now the Paris sequel.

Renewed testimony; tested by time. Mrs. G. W. Newman, E. Tenth St., Paris, says: "I had backaches and headaches and at times very nervous. My kidneys were weak and inactive. I heard about Doan's Kidney Pills and used them and they soon had me feeling better in every way."

Mrs. Newman gave the above account of her experience with Doan's Kidney Pills on January 17, 1912, and on November 9, 1916, she said: "I still use Doan's Kidney Pills at times when I find it necessary. I have always received the same good results, although I do not have so much trouble as I used to."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Newman had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

THE SURGEON-GENERAL CALLS FOR MORE NURSES.

Surgeon General Goras, of the United States Army, has called upon the American Red Cross to supply to the Army Nurse Corps 5,000 nurses between now and June 1.

These nurses are needed for service in military hospitals, both in this country and abroad. Although the Red Cross has already supplied nearly 7,000 nurses as a reserve for the army and navy nurse corps since the beginning of the war, the imperative need for a greater army of nurses grows daily as the war progresses.

According to a statement made by General Goras, it is estimated that there are between 80,000 and 90,000 registered nurses in the United States, and that approximately 30,000 will be needed for service in army hospitals during the present year. The immediate need for 5,000 of these is emphasized.

PROPOSED ADDITION TO THE DIXIE HIGHWAY.

A proposed addition to the Dixie Highway going south through Knoxville, Tenn., may bring an increased amount of travel through this section which is already a junction point between the two branches of the Highway. The proposed addition will go through Newport, Hot Springs, Marshall, Asheville, Henderson, Greenville and Savannah and will shorten the distance from Mackinaw, Mich., to the seaboard at Savannah or Jacksonville by approximately 350 miles. It will go directly through the famous "Land of the Sky."

Complete data as to distance, condition of road pledges of counties through which the road passes to improve the road now in constant use, including maps, etc., will be presented to the directors of the Dixie Highway Association at their Chattanooga meeting in May.

LIBERTY LOAN HONOR FLAGS AS SUNDAY SUPPLEMENTS.

Nearly every Sunday newspaper in the United States will carry a special supplement insert showing the honor flag of the third Liberty Loan on April 7, the day after the opening of the campaign. These inserts, printed in colors, are to be supplied by the Treasury, and more than 4,000,000 have been ordered.

In response to the message of F. R. Wilson, publicity director for the loan, asking newspapers whether they would distribute the flag posters as supplements, practically every paper has replied affirmatively. Some papers which have had rules against carrying extraneous supplements made exceptions for the Liberty Loan advertisements.

Special Liberty Loan gold but-

tons have been distributed to the 1,000 men and women who have devoted their entire time to directing Liberty Loan work. In addition, "Liberty Loan Volunteer" badges have been prepared for the several thousand persons who devote part of their time to the campaigns.

BAD TASTE IN YOUR MOUTH.

When you have had a bad taste in your mouth you may know that your digestion is faulty. A dose of Chamberlain's Tablets will usually correct the disorder. They also cause a gentle movement of the bowels. You will find this to be one of the best medicines you have ever become acquainted with.

HOW TO PAY YOUR INCOME TAX.

Pay your income tax, if possible, by check, money order, or draft. This is the urgent request of the Bureau of Internal Revenue.

More than 6,000,000 persons this year will pay an income tax. The total to be collected under the war revenue act of October 3, 1917, in individual income taxes alone is \$666,000,000. The vast majority of these payments will be small amounts. If paid as requested it will avoid the necessity for the issuance of a receipt, and save much time and labor.

Taxes paid to deputies who are visiting every county in the United States to assist taxpayers in making out their returns are sent to the collector of internal revenue of the district in which the taxes are collected. Checks, money orders, or drafts can be handled without difficulty. Cash has to be sent by registered mail or by the insured express.

In the conduct of the war Uncle Sam is beset with many difficulties. You can render one of his innumerable tasks less difficult by paying your income tax promptly, and by check, money order, or draft.

400 KENTUCKIANS TO BE CALLED INTO SEA SERVICE.

About four hundred Kentuckians will be called into active service in the various branches of the navy on April 1. Orders to this effect have been received at the Lexington office district.

All of these men will be notified by letter within the next few days and will be sent from the Louisville office to Newport, R. I., as soon as final orders come.

The Lexington office has at present about eighty of the 400 men on its waiting list. Forty are from Lexington proper and the others are from surrounding towns and counties. These have been accepted by the branch offices, as well as at Louisville, and have been sent home to wait until some of the men at present in the naval training stations can be otherwise disposed of. Those at present in the training stations will be sent to sea, while others will be detailed for special land duty. There are a number of Lexington and Paris boys at the training stations.

—Mr. H. J. Faith and family have moved to the property of Mr. Nicholas Rankin, on Trigg avenue, recently vacated by Mr. Joe Williams and family, from that of the Griffith sisters, on Main street.

—Millersburg is at present without a policeman. It is said that Mr. Harry Linville, of Nicholas county, is an applicant for the position, but up to the present his services had not been procured. A prominent citizen stated that the order was so good in Millersburg now that he hardly thought it would be necessary to have a policeman. He said, however, that one would be engaged soon to look after street repairing and the fire department.

—Miss Mary Sweeney, of Lexington, will give a "war bread" demonstration in the Domestic Science room of the Millersburg College, Saturday afternoon at two o'clock. The ladies are cordially invited to be present and hear Miss Sweeney and witness the demonstration. This meeting was advertised for Thursday afternoon, but Miss Sweeney was unavoidably prevented from coming at that time. She will be with us Saturday. Let all who are interested in her work attend. Do not forget the time and place.

DEATHS.

SALINGER.

—The Shelbyville papers tell of the death in a Louisville hospital of Mrs. Jake Salinger, aged fifty-eight, after a short illness. Mrs. Salinger was for a long time a resident of Paris. Her husband, Mr. Jake Salinger, conducted the New York Store, in the store room now occupied by THE NEWS and the A. J. Winters Co., jewelry establishment, which was then one room. They moved to Georgetown, and from there to Shelbyville.

HARRIS.

—Mrs. Charlton Alexander, of Paris, received a message from Versailles yesterday afternoon telling of the death there of her oldest sister, Mrs. Josie Ball Harris. The message gave no particulars other than the announcement of her death. Mrs. Harris resided at "Maple Hill," a fine country estate near Versailles and was a frequent visitor to her sister here. Mrs. Alexander left for Versailles immediately upon receipt of the message. The funeral arrangements had not been completed last night.

MORELAND.

—Mrs. Martha Moreland, aged seventy-six, widow of Mr. J. J. Moreland, died at her home on the Cincinnati pike, near Georgetown, Wednesday morning, after a long illness. She is survived by seven children, one of whom, Mrs. T. B. Brannock, resides in this county. Funeral services were held at the family residence yesterday morning at eleven o'clock, conducted by the Rev. Albert Stuck. The interment followed in the Georgetown Cemetery. The pallbearers were Frank Bridges, W. H. Thomas, S. M. Turner, S. B. White, T. B. Brannock and Dr. A. B. Coons.

SKILLMAN.

—The funeral of Mrs. Harriet B. Skillman, aged eighty-five, who died at her home on Cypress street, in this city, Wednesday, of the infirmities of age, was held at the family residence, at ten o'clock, yesterday morning, with services conducted by Rev. W. E. Ellis, pastor of the Paris Christian church. The interment took place in the old Horton burying ground, near North Middletown.

Mrs. Skillman was the widow of John W. Skillman, Sr., who at the time of his death was one of the oldest citizens of the county, having attained the ripe old age of ninety-eight. She is survived by her daughter, Miss Susan Horton, and two granddaughters, Mrs. Margaret Banta, of Little Rock, and Mrs. Mayme Samson, of California.

SHARON.

—Mrs. John L. Day, of near Paris, received a long distance telephone message from Falmouth yesterday announcing the death near there of her sister, Mrs. James Sharon, aged about seventy-eight. Some time ago Mrs. Sharon suffered a paralytic stroke, from the effects of which she never entirely recovered.

Mrs. Sharon was the mother of Prof. J. A. Sharon, who for several terms was Superintendent of the Paris Public Schools, now a resident of Cleveland, Ohio. She had lived nearly all her life in the old Sharon home at Mt. Auburn, nine miles from Falmouth, where she died.

The funeral will be held at the family home at Mt. Auburn tomorrow (Saturday) afternoon at three o'clock. The interment will take place in the Mt. Auburn Cemetery, close to the old home.

WILLIS.

—Miss Mary Woodford Willis, aged twelve, daughter of Mr. and Mrs. J. M. Willis, of near Spears Mill, died at the family home Monday night at nine o'clock of typhoid fever.

Her father had just left on Friday for Saskatchewan, Canada, to take

charge of the big wheat and flax ranch of E. F. Spears & Sons, of Paris. His daughter was very ill at the time but was thought to have passed the crisis. He was intercepted at the Canadian-American border by a telegram telling of his daughter's death, and left immediately for Paris, arriving last night.

Besides her parents, Miss Willis is survived by one brother, Mr. William Buckner Willis.

The funeral will be held at the family home near Spears Mill at two o'clock this (Friday) afternoon, with services conducted by Rev. W. E. Ellis, pastor of the Paris Christian church. The interment will follow in the North Middletown Cemetery.

MEATLESS DAYS MAY BE ABOLISHED SOON.

Meatless days will be abolished if the recommendations of the Senate Agricultural Committee has any weight, according to announcements made public at Washington.

At close of food investigation expected soon, recommendations will be made to the Senate and it is anticipated these will include wide ranges in methods of food administration.

STOCK, CROP, ETC.

—George Current sold to Harry Speakes, of Paris, a pair of five-year-old draft mares for \$630.

—E. D. Rose, of the Stony Point vicinity, sold to J. Frank Clay, of Paris, fifty barrels of corn at \$8.50 per barrel.

—E. B. Myers, of Paris, sold a pair of five-year-old mare mules weighing 2,400 pounds to Walter Kenney, of near Paris, for \$575.

—In Danville, Wednesday, Auctioneer George D. Speakes, of Paris, conducted a public auction of fifty head of draft mares, which brought an average of \$221.50 per head.

—Mr. Terry Gannon, of near Paris, purchased of Caywood, Smith & McClintock, of Paris, forty-five head of 200-pound hogs at \$17 per hundred pounds, and nine head of 1,400-pound cattle for \$11.75 per hundred pounds. The same firm sold to a Southern buyer fifteen head of cotton mules for an average of \$245 per head.

MATRIMONIAL.

HARTING—CREIGH.

—Mr. Edgar B. Creigh, of Lexington, and Miss Elise M. Harting, of New York, secured marriage license here Wednesday, and were married at the Presbyterian parsonage by Rev. J. J. Rice, pastor of the Presbyterian church. They returned to Lexington after the ceremony.

UNCLE SAM RAISES PRICE FOR KENTUCKY GROWN TOMATOES

Uncle Sam will pay more for Kentucky tomatoes this year as shown by the following announcement through the local food administration:

"The army and navy authorities have just advised that they are able to raise the price that will be paid for raw tomatoes from \$15 to \$18 per ton in the State of Kentucky; these tomatoes to be used in the 1918 pack of canned tomatoes, tomato soups and other tomato products, for the consumption of the army and navy."
